

COVID-19 Update 2 (20 March 2020)

We hope the following information will be helpful for members and friends of Immanuel. (We're aware that not everyone has internet access, so we intend to make hardcopies which we'll distribute in person or by post.)

Staying Informed

We don't yet know when services of worship will resume, but the best place to stay informed is by checking the church website and facebook page where notices will be displayed.

If you know any members who do not have internet access, please keep them informed as much as possible.

Worship

Everyone should continue to worship the Lord each day and especially on the Lord's Day. We were made to glorify God and, while we may not be able to glorify him in public worship, we can still worship the Lord at home.

Colin will endeavour to put a weekly recording on the church website and facebook page to help you worship at home on Sundays. If possible, he will post other recordings during the week.

Other resources, including sermons, are available online. Colin recommends the website monergism.com. On that site you'll find lots of sermons by faithful preachers.

Help

If you need pastoral care or practical help, please contact Colin or your elder.

Likewise, if you're aware of another member who needs either pastoral care or practical help, please let Colin or an elder know.

Prayer

Before our meetings were cancelled, we met on Wednesdays at 7.45pm for Bible study and prayer. Let me encourage you to set aside time on Wednesday evenings to pray for one another and for the world. Instead of meeting in the Dunlop Hall, please pray at home.

Keep in Contact

Please try to keep in contact with one another. While we all need to be wise about exposing one another to infection, there are many other ways to keep in touch with one another these days.

Above all, continue to trust in the Lord because our help always come from the Lord, the Maker of heaven and earth.
